The vacancies of the Police Department are separately registered, two-thirds of the vacancies being filled up by promotion and one-third made available for direct recruitment in accordance with G.O. No. P. 2157-9/Pol.43-22-6 dated 15th Septr' 1922. (This G.O. has since been modified by G.O.No. P.1979/Pol. 174-27, dated 10th July 1928 which directs that vacancies in the Grade of Daffedars and Sergeants be filled up by promotion and direct recruitment in equal proportions.) It is for consideration whether, in view of the different rule of proportion governing the disposal of vacancies in the Police Department, they may be entered in the General Registrar of Vacancies in the Unit of the Deputy Commissioner or whether they may be registered separately and independently. I am in favour of the latter course.

I agree.

(5) In the Register maintained in the Deputy Commissioner's office, the vacancies relating to Excise and Registration establishments are not included but separate registers are maintained for these in the offices of the District Excise Officer and the District Registrar.

(6) The vacancies of the Police Department are separately registered, two-thirds of the vacancies being filled up by promotion and one-third made available for ---- direct recruitment in accordance with G.O. No. P 2157-9/Pol. 43-22-6 dated 13th Septr' 1922. (This G.O. has since been modified by G.O.No. P. 197-9/Pol. 174-27, dated 10th July 1928 which directs that vacancies in the grade of Daffedars and Sergeants be filled up by promotion and direct recruitmen in equal proportions). It is for considera tion whether, in view of the different rule of proportion governing the disposal of vacancies in the Police Department, they may be entered in the General Register of Vacancies in the Unit of the Deputy Commissioner or whether they may be registered separately and independently. I am in favour of the latter course.

(d) According to existing rules, all vacancies occurring in a Unit have to be registered in the Unit office. Instructions have therefore been given to the office to see that vacancies occurring in all establishments pertaining to the Unit of the Deputy Commissioner are promptly reported to the Unit office and have them registered and classified in the Deputy Commissioner's Unit office.

(e) The particulars of vacancies exceeding three months in duration in the different Branches, advertised during the year 1927-28 are shown in the subjoined statement.-

(f) The orders of Government regarding classification of vacancies into General and Special were issued in G.O.M.No. 319-78/C.R.B. 2-27-1, dated 26th July 1927 and since then, vacancies are being classed as directed and all vacancies prior to that date were treated as open only to candidates of Backward Communities

(g) The Vacancy Register is maintained under the headings prescribed for the ----

"A" statement. The office has been instructed to maintain the Register in future in the form given in Appendix V of the Manual of rules and orders relating to recruitment, all particulars which may have to be noted in the Register for purposes of reference being entered in the remarks column.

(v) Vacancies are correctly classed and those to be filled up by promotion and direct recruitment are disposed of in conformity with the rules.

(vi) The Serial Numbers with which vacancies were advertised by the C.R.B are not noted in the Register in some cases. The office has been instructed to note the numbers ~~of vacancies~~ in respect of all vacancies in future for reference in the remarks column of the register. The dates of occurrence of vacancies as ~~noted~~ noted in the register are not chronological in some cases as noted below.-

	Serial No. in the Register.	Date of vacancy.

	5	28- 9-27
	6	6-12-27

(v) There is no separate register maintained for noting particulars of appointments made in the advertised vacancies. In some cases a note is made in the vacancy register, of the names of appointed candidates and reference is given to the office memo ordering the appointments. The office has been instructed to open a register and note all appointments made in advertised vacancies giving reference to the ~~several~~ Serial number with which each vacancy was advertised by the Central Recruitment Board. In many cases the names of candidates appointed are not noted in the register but a reference is made in the register only to the Deputy Commissioner's memo ordering the appointment. Even this is not done in a few cases and in some of them entry of the number and date of the Deputy Commissioner's memo is omitted.

(vi) In some cases the particulars in column 6 (whether the vacancy is to be filled up by ~~the~~ direct recruitment ~~or~~ promotion) and column 8 (whether the vacancy is to be treated as general or special) are not ~~xxx~~ correctly entered.

(vii) Four appointments were made by the Deputy Commissioner by selection in vacancies of more than three months' duration and particulars of the same are given below:-

Sl.No.	Name of the candidate	Community to which the candidate appointed belongs.	Post to which appointed	Nature of vacancy	Duration of the vacancy
1.	N.Narasimhamurti	Brahmin	2nd Grade Gumasta, Nagamangala Rs 25/-	Special	Permanent
2.	Ananthanarayana Rao	Do	Deputy Munshi Mysore Taluk Rs 25/-	Do	6 months
3.	Ananta Murti	Do	Clerk, Mysore Sub Division office Rs 25/-	Do	Permanent
4.	Anantharamiah	Do	Deputy Clerk Sub Division Office, Mysore Rs 40/-	General	4 months.

It will be seen from the above that three Brahmin candidates were appointed by selection against special vacancies and it is stated that they were absorbed in special vacancies as exemptions from C.R.B. rules had been granted to them by Government. The absorption of Brahmin candidates in special vacancies is irregular but it is explained that the appointments were made prior to the receipt of letter No. 1742/C.R.B. dated 13th December 1927 (sent in reply to a reference from the Deputy Commissioner, Mysore District) directing that appointments of exempted candidates should be counted against general or special ---- vacancies in a Unit according to the candidates concerned belong to Brahmin or non-brahmin communities respectively. As the vacancy in which Serial No. 2 was

appointed has ceased and the official appointed therein is stated to have been shifted to another appointment no action is called for at present. As candidates Nos. 1 and 3 are appointed in permanent special vacancies, it is a question as to how their appointments should now be dealt with. These may perhaps be regularised by granting sanction to the arrangements and to equalise the proportion, two General vacancies of the kind may be ordered to be made available for recruitment on special considerations.

(V) Memoranda of appointments, transfers etc ordered during the year 1927-28.

(a) There is no regular Memo Book maintained in the Deputy Commissioner's office. Typed copies of orders are posted in a Circular file. On perusal of the Memoranda, it is seen that from the orders passed it is difficult to make out which of them relate to appointments falling within the purview of the C.R.B. and which only to vacancies the duration of which is less than 3 months, as the duration of vacancies in which acting and temporary arrangements are ordered are not invariably indicated in the Memoranda.

(b) In Memo No. 22 dated 23rd August 1927 confirmations of certain officials in their appointments were ordered but it is not clear whether any of the appointments relate to vacancies which, having been advertised as temporary at first, became eventually permanent and whether in that case the vacancies were advertised again in accordance with G.O No.E 5204-261/C.R.B. 7-25-5 dated 18th March 1926

(i) In some cases ~~some~~ appointments are ordered in place of men on other duty of officials in whose place arrangements are made is not specified in the orders. To facilitate check during inspection and to ensure that appointments are not made in contravention of rules, it is perhaps desirable to prescribe a standard form for appointing officers to be used by them in ordering appointments within their --- powers of patronage and those made in vacancies which have been advertised ---- through the Central Recruitment Board. A separate note will be submitted in the matter.

5 Schedules of Establishment as it stood on 1st July 1927 and 1st July 1928.

- - - - - - -

A list showing the names of officials who are shown in the schedules of the different establishments on 1st July 1928 but whose names are not found in the schedules of establishment as ~~from~~ 1st July 1927 is attached.

On carefully going through the list and after making necessary enquiries, it is ascertained that the new officials were taken into the respective establishments either by transfer or in connection with filling up of vacancies by promotion or ~~indirect~~ direct recruitment.

Seventeen of the officials shown in the list were appointed in vacancies advertised through the C.R.B. and the serial numbers of the vacancies in which they

were appointed are noted against them. One P.Srinivasiah a Sathani by caste who was Registration Clerk on Rs 20/- in the Sub Registry office at Harihar is shown as appointed in a permanent vacancy of First Clerk on Rs 30/- in the Sub Registry office, Chamarajanagar. How the vacancy at Harihar was disposed of will be ascertained from the Deputy Commissioner, Chitaldrug District. Two of the officials were appointed in vacancies of less than 3 months' duration. In the schedule as on 1st July 1928 B.S.Garuda Chari is shown as holding the appointment of Collection, Collecting Savings Bank, but his name was not included in the schedule as on 1st July 1927 as the appointment is temporary.

6: "C" statement showing the composition of the Unit of the Deputy Commissioner.

- - - - - -

The composition of the Unit according to the "C" statement for the half-year ending 31st December 1927 was as shown below.-

	Total Number		Percentage to total strength	
	During the previous half-year	During the half year.	During the previous half year	During the ½ year.
Ministerial Establishment.				
Brahmins	272	264	83.6	80.9
Non-Bramins	53	62	16.4	19.0
Executive Establishment.-				
Brahmins	63	61	67.7	64.2
Non-Brahmins	30	34	32.2	35.8

The "C" statement for the half year ending 30th June 1928 which had to be furnished to the C.R.B. by the 15th August 1928

is not yet ready and the delay is explained to be due to the non-receipt of statements from some of the subordinate offices.. The District Sheristedar has been instructed to expedite the statement.

7. "D" Statement.- This statement due once a quarter was not furnished to the C.R.B. for the quarters ending 31st Decr' and 31st March 1928. The statement prepared in the Deputy Commissioner's office proper for the quarter ending 30th June 28 shows only appointments made during the quarter in vacancies exceeding three months in duration and as such serves no useful purpose while accrding to G.C.No. E 1297-347/C.R.B. 4-25-3 dated 22nd Septr' 1925 prescribing the statement all appointments made by appointing officers during the quarter whatever may be their duration have to be shown.

The office has been requested to furnish a revised statement accordingly for the quarter ending 30th June 1928 and issue instructions to the subordinate officers also to furnish similar statements to the Central Recruitment Board.

In connection with 142 appointments made by the Deputy Commissioner, Mysore District, since October 1924 there was an interpellation in the Dasara Session of the Representative Assembly — 1927 and on a scrutiny of the lists of appointments obtained from his office, the Deputy Commissioner was requested to take necessary action to terminat or regularise any appointments continuing

in contravention of rules of recruitment and submit for the information of Government a report of action taken in the matter.

The Chief Secretary's D.O. No. 280/ C.R.B, dated 20th July 1927 on the subject was not forthcoming in the District office. The Personal Assistant to the Deputy Commissioner has promised to look into the matter and see that the report called for is sent shortly.

Eleven vacancies which ultimately exceeded 3 months in duration were not reported for advertisement as extensions of leave were granted ~~in~~ piecemeal and the arrangements made in such cases were reported to the C.R.B. only in two cases. From the nature of the cases it may be observed that extensions of leave are freely granted with a view to provide for the continuance of temporary officials in one or other of the vacancies. The following is a typical instance of the kind.-

One C.N.Yadavamurti Rao, Sheikdar, Chatral Hobli, was granted privilege leave for one month from 10th April 1928 to 10th May 1928; he applied for an extension of the leave by one month and 28 days which was granted. A second extension of the leave by one month and 28 days was also applied for an sanctioned. The total leave granted thus comes up to 4 months and 24 days from 10th April 1928. It expired by about the 6th September 1928. The Deputy Commissioner proposed that there is no need to advertise the vacancy and requested that the acting arrangements made may be approved.

Thereupon, the Deputy Commissioner was informed that the vacancy should be advertised

~~12~~ 13

if the leave is further extended owing to any reason. It is ascertained that Yadava Murti Rao rejoined duty and remained there for about a week and was again granted 3 months' further leave and the vacancy has not so far been advertised.

8. General.- On the whole I am satisfied that so far as the working of the rules of recruitment in the District since 1st July 1927 is concerned, attempt has been made to understand and follow the rules and the --- clerk entrusted with the work relating to recruitment is also fairly converant with his work to which he attends under the --- guidance of the District Sheristedar. Needful instructions have been given to the District Sheristedar to have the omissions supplied in respect of the entries in the registers here and there. The desirability of insisting on reports by subordinate --- officers, of vacancies immediately on their occurrence and punctual submission by them of the prescribed statements and returns to the Unit Officers has been impressed on the office and it is hoped that by a close study and clear understanding of rules of recruitment which have been embodied in the printed Manual since supplied, the rules of recruitment will be strictly followed and properly worked. To achieve this object it is essential that all inspecting officers should devote their attention in the course of inspection of subordinate offices to the examination and audit of appointments made in those offices with reference to rules of recruitment.

6\ Difficulties experienced in the working of the rules and doubts in regard to their interpretation.-

- - - - - - - - -

The Personal Assistant to the Deputy Commissioner with whom I had a discussion on the subject stated that the foremost ~~difficulty~~ difficulty felt in the District is about absorbing the large number of officials that have been in service for very long periods without permanent appointments. A list of such officials will be obtained from the Deputy Commissioner's office ~~and attached hereto~~. It seems necessary to devise some means for considering the cases of these officials. I discussed this matter freely with the Deputy Commissioner, the Personal Assistant to the Deputy Commissioner and the District Sheristedar and also with other Officers. The Revenue Commissioner had obtained a list of 32 names and the Sub Committee considered their case and their decision will be submitted for orders. I have further requested the Deputy Commissioner to examine the case of each official as to the merits of his claim for permanent appointment and report to Government with his opinion, the cases of all officials with definite proposals in the matter of finally dealing with their cases. A perusal of this list is further useful from another point of view. It shows that this unit (apart from the Police establishment) is capable of keeping on about 60 to 70 officials in short term vacancies of 3 months and less and yet without a break. This may be kept in view when any scheme of drawing

* This consists of 74 names. The list which the Sheristedar promised to send it is not yet received. The Personal Asst. to the D.C will be asked to expedite it.

volunteers or creating a reserve for various units is taken into consideration.

It is brought to notice that in the form of vacancy register as given in Appendix V of the Manual of Rules and orders relating to recruitment, there are no columns provided to show the pay of the actual vacancy that has occurred and the designation and pay of the consequential vacancy if any made available for recruitment and it is suggested that the number of headings may be increased so as to provide columns to show the above --- particulars and also information on the following points.-

(1) Date of receipt in the Unit Office of report of occurrence of vacancy in a subordinate office

(2) Date of advertisement of the vacancy by the C.R.B. in the Gazette.

(3) Date of despatch of "A" statement from the Unit office to the office of the C.R.B.

(4) Date of receipt of applications from C.R.B.

(5) Candidate appointed by selection

(6) Date of despatch of "B" statement in the office of the C.R.B.

The form of the register will be further examined and needful action taken in the light of experience gained.

Doubts were expressed as to how cases of the kind specified below are to be dealt with: ——

- - - - - - -

(1) The tenure of appointment sanctioned for a definite period in which

such cases the appointing Officer can make his own arrangements for the remaining period or has the vacancy to be advertised in both cases or only in the former case.

The following replies were given in these cases.-

(1) The reply, was that it had to be advertised again when its term was duly extended.

(2) As regards the second point the office was told that the proportion of the special vacancies is 3 to 1 of general, If a special vacancy is cancelled before arriving at the next general vacancy care is to be taken that six special vacancies are made avilable for recruitment i.e., to say if third vacancy special is cancelled the next general vacancy will be not the 8th but the 9th.

(3) Regarding the third point the reply was that vacancy should be regarded as having occurred in the class in which it is made available for recruitment. In the case of a promotion vacancy no such case arises. It was however impressed that sanction of Government was necessary before a lower vacancy could be given in place of a higher one required by rules.

(4) In the last case, if the remaining period is less than

three months it need not be ~~re~~advertised. But if it exceeds three months it should be advertised.

Definite orders of Government will however be obtained on the above matter and suitable instructions issued for the guidance of all appointing officers. Many other points of doubt etc., more or less of a routine nature were discussed and the replies given. About suggestions relating to improvement in working of rules, a note will be submitted by me after inspecting a few more offices.

Has the Secy looked into the question whether the vacancies filled up by promotion were not one third of the total no.? Ky 5/4

a candidate is appointed according to rules after advertisement, is extended for further period or periods, of varying length. Whether in such cases the temporary arrangements made in the first instance may be continued without further advertisement.

(2) According to rules, out of every 4 vacancies, 3 are to be classed as special and one as general and advertised accordingly. One of the three vacancies advertised will have to be cancelled after the 4th vacancy is classed and advertised as general. Whether in such cases the 5th vacancy which has to be ordinarily treated as special is to be classed as special or as general by reason of one of the previous special vacancies being cancelled.

(3) A vacancy in higher grade occurs in an office and on administrative grounds, permission is sought to throw open for direct recruitment a vacancy in a lower grade. Whether in such cases the vacancy in the lower grade actually made available for recruitment is to be included as a vacancy in the lower class to be filled up by promotion, or is to be left out of account altogether for purposes of registration and classification of vacancies in the lower grade or is to be classed as a vacancy of its grade and noted as a case of exemption.

(4) A recruitment entertained in a vacancy applies through the C.R.B. for one vacancy and is appointed in another vacancy advertised by the Board and the remaining period of tenure of the appointment first held by the recruit sometimes exceeds three months and sometimes does not exceed 3 months. Whether in both

Note on the inspection of the Office of the City Magistrate, Mysore.

Dated of inspection:- 29th September 1928.

- - - - - - -

The superior establishment of the office consists of -

One Head Clerk on Rs 55/-
One Deputy Clerk " 40/-
One third Clerk " 30/-
One fourth Clerk " 25/-

Of the four officials referred to, two are Brahmins and two belong to Backward Communities. The percentage of officials of Backward Community in the office is 50.

All appointments on the establishment of this office are made and leave of all kinds to officials (except casual leave) is sanctioned by the Deputy Commissioner. There is no regular Memo Book maintained but a few Memoranda of orders passed by the Deputy Commissioner relating to the establishment of this office are tagged and kept together.

It is stated that copies of orders and rules relating to recruitment are not being communicated by the Deputy Commissioner to the City Magistrate. This is presumably because the City Magistrate makes no appointments independently. A copy of the Manual of rules and orders relating to recruitment may be supplied to this office by the Deputy Commissioner.

The draft of the "C" statement prepared in this office for the Quarter ending 30th June 1928 was shown by the office. It was pointed out that the statement has to be furnished to the Deputy Commissioner not quarterly but half yearly and that the draft prepared was not in the prescribed form.

The schedules of establishment as on 1st July 1927 and 1st July 1928 were also looked into. One Mr. M.R.Srinivasa Rao a Law Graduate, is acting as Head Munshi from 2nd July 1928 on transfer from the District office, Mysore, and one B.S.Puttuswami Naidu acting 3rd Clerk was transferred to this office by the Deputy Commissioner rrom the Taluk office, Mandya, where he was acting as a 1st Grade Gumasta.

(Mr. Srinivasa Rao, Head Clerk, who was first entertained 2½ years ago as a Clerk on Rs 50/- in the District office and was working in the Local Self Government Branch has been recently transferred to the City Court by the Deputy Commissioner and his permanent lien is stated to be as Third Grade Taluk Sheristedar, T.Narsipur Taluk. His Service Register is in the District --- office). The Service Register will be called for and examined to see whether the arrangements are in order.

Instructions were given to the office,

(1) to open a register of vacancies,

(2) to submit "D" statement every Quarter

(3) to prepare "C" statement in the prescribed form.

Three Copyists are attached to the Court and all of them are Brahmins.

No difficulties in the working of the rules of recruitment were felt or brought to notice by the City Magistrate as he makes no appointments directly.

During the year under review the following Officers were in-charge:-

Mr.T.Abdul Hameed, B.A., till 1st February 1928 and Mr. V.Venkatesa Iyengar, B.A., from 1-2-1928.

The powers of the Sub Divisional Officer regarding appointments to casual list only up to Rs.30/- and dismissal of the staff.

The strength of the Sub - - - Division office is as follows:-

1 Head clerk on 50/-
2 Deputy clerks on 40/-
1 Income-tax clerk on 40-2-50
2 clerks on 25/- each.
1 clerk on 20/-.

Of these, four are Brahmins and three are non-Brahmins. Of these, Head clerk, Deputy Clerk and one clerk on 25/- are shown as acting. The permanent incumbents of these are posted to be on other duty as Village Panchayat Inspector, the Deputy clerk as on other duty as the Sub-Division and the other clerks of 25/- on other duty as acting first grade clerks. Information as to whether the work of the subordinate clerks was [illegible] - -

obtained from the District Unit
fice.

The office has maintained
vacancy register but not in the
form prescribed. The form of
the Vacancy Register has to be re-
vised in accordance with the form
printed in the Manual as Appendix V.
The Head Clerk has been instructed to
open one immediately and note all -
vacancies therein from 1st July 1928.
It is not possible to say anything
about the occurrence of vacancies
and their classification and whether
they are promptly being reported to
the Unit Officer or otherwise. The
office is however strictly instructed
to register all vacancies in the
order of their occurrence both in
this office as well as in the offices
subordinate to them and report them
promptly to the Unit Officers. From
the statement furnished showing offi-
cials who were on leave during the
period it is seen there were 35 such
vacancies. No Leave Register has
been prescribed by Government and
as such there is no register and the
information compiled from the cor-
respondence registers. The Sub
Divisional Officers says that there
are one or two omissions in -
compilation and that in the main it
is correct. They on taking it to
be correct it has been that five

1 been advertised have not been - advertised, the reason for this are examined by the Sub Divisional Officer in his statement.

The composition of this office on 1st July 1927 was seven clerks (4 examined and 3 non-examined), from 1st July 1928 it is 6 (4 examined and 2 non-examined) and at this time of inspection six (4 examined, 2 non-examined).

2 The office has not been submitting "D" statement prescribed under Government order No.P.1297-e... S.R.D. 4-25-8 dated 22nd Sept.1925. and the Divisional Officer has been requested to invariably send this statement covering all appointments made by him whether in advertised vacancies or otherwise through the Unit Officer.

It is stated that no officers have been in doubt from reference to the working of the rules of - recruitment. The remarks of the Sub Divisional Officer go to show - - that the officers are competent to make appointments carrying a pay of 20/- and below and there are no such posts in the said offices. It is however stated that sometimes acting arrangements are made in anticipation of sanction but it is also to be ascertained - -

ascertained whether the occurrence of vacancies in these offices is being - promptly reported and also whether - the "Nil" Statement etc. and other returns are being sent in proper form correctly and in time to the Unit Officer. In the course of inspection it also transpired that in short time vacancies Ailgars make appointments and they are - - approved on record and no note is made of these in the office. In such cases also a certain amount of vigilance appears to be necessary in exercising this patronage. The Sub Division Officer may perhaps be requested to examine these - - -

office has been requested to
take and furnish details in this
regard, and also as to how many if
any of the temporary vacancies of
more than six months were given to
non-Brahmins.

The following cases were observed.

In the Sub-Division vacancy of clerk on Rs.20/- in the Sub Division Office one M.Anantamurthi who has passed English Lower Secondary and Clerkship Examinations was appointed permanently on 27th September 1947 by the Deputy Commissioner. This vacancy was not advertised. The candidate appointed has however been exempted by the Government. It is not known how the vacancy was observed in the District Office. This will be verified from the Deputy Commissioner's Office.

In the second case a vacancy of six months was similarly filled by the appointment of Anantha-rayana Rao an exempted candidate. Two vacancies A.V.Anantharamaiya and T.V.Venkataramanan have been - - filled. The period of these appointments being less than six months the filling up of these posts without advertisement is justified. It is however known whether these - - vacancies were considered as casual [illegible] of casual

SIR,

With reference to your letter No.5494 dated 13th December 1928, requesting the circumstances under which the Sub-Division Officer, Mysore, appointed Brahmin candidates by selection in 3 vacancies referred to by you, I have the honour to forward herewith a copy of letter No.F.Dis.R1-1021-28 dated 30-5-1929 received from the Sub Division Officer, in the matter.

I have the honour to be,

Letter No.F.Dis.R1-1021-28, dated, 30-5-29, from the Sub DivisionOfficer, Mysore Sub Division, Mysore, to the Deputy Commissioner,Mysore District.

With reference to your memo No.A 2507/28 dated the 8th January 29, forwarding for report copy of letter No.5494 C.R.B. dated the 13th December 28, from the Chief Secretary to Government, in the matter of not advertising certain vacancies of more that 3 months' duration, I have the honour to state that since the vacancies were not expected to last for more than 3 months at the time of their occurance they were not advertised. All these were leave vacancies and the officials extended their leave by short periods. Out of the 5 vacancies referred to in the notes of inspection by the Secretary Central Recruitment Board, 2 as noted by him were given to locally available candidates of Backward Communities. In the other cases officials familiar with the work and available in the offices were made to act as the periods were short. These facts were explained to the Secretary Central Recruitment Board, at the time of his inspection.
